Expression of Interest (EOI) for Inviting Design Ideas for Temporary & Sustainable Urinals, Toilet Blocks, and Changing Rooms along Shipra River and in Mela Area during Simhastha 2028, Ujjain

1. Introduction

The Simhastha 2028 at Ujjain is expected to host one of the largest human congregations globally. Along with spiritual and cultural arrangements, provision of adequate, hygienic, and sustainable public sanitation facilities is a critical requirement.

To ensure the dignity, convenience, and health of pilgrims, Ujjain Smart City Limited (USCL), on behalf of Ujjain Municipal Corporation (UMC) and Simhastha Mela Authority, invites design ideas for temporary, modular, and eco-friendly sanitation facilities including:

- **Urinals**
- **Toilet Blocks**
- **Changing Rooms** (especially along Shipra River Ghats)

These structures should be cost-effective, sustainable, rapidly deployable, user-friendly, and suitable for high-footfall conditions.

2. Objective of the EOI

The purpose of this EOI is to identify innovative, cost-effective, sustainable, and user-friendly design solutions for temporary, modular, and eco-friendly sanitation facilities that can:

- Identify innovative, cost-effective, and sustainable designs.
- Ensure rapid deployment and dismantling of facilities.
- Promote eco-friendly waste management and water-saving solutions.
- Enhance user convenience, safety, privacy, and hygiene.
- Integrate with digital monitoring systems for operations during Mela.

3. Scope of Design Ideas

Interested applicants are expected to submit concept notes, designs, and innovative solutions covering:

- (i) Design & Layout: Modular, space-efficient, aesthetic, gender-segregated
- (ii) Materials & Sustainability: Temporary but durable, eco-friendly, recyclable/biodegradable options
- (iii) Technology & Operations: Smart sensors, mobile app monitoring, water-saving flushing, on-site treatment
- (iv) Waste Management: Collection, treatment, disposal mechanisms, sludge management
- (v) Ease of Deployment: Quick installation/dismantling, portability, reusability
- (vi) User Convenience: Accessibility for differently abled, elderly, women & children friendly
- (vii) Safety & Hygiene: Adequate lighting, ventilation, touch-free features, privacy for changing rooms

4. Eligibility Criteria

EOIs are invited from the following categories:

- Design and architectural firms
- Engineering/technology providers
- Startups/innovators in WASH (Water, Sanitation & Hygiene) sector
- Academic/research institutions
- NGOs/social enterprises with relevant expertise

5. Submission Requirements

Interested applicants must submit the following:

- (i) Cover letter with applicant details.
- (ii) Concept note (max 5–7 pages) including design drawings/sketches/models.
- (iii) Description of technology/innovation proposed.
- (iv) Previous experience in similar projects (if any).
- (v) Preliminary cost estimates (optional at EOI stage).

6. Selection Process

- This EOI is intended only to solicit innovative design ideas. EOIs will be evaluated for innovation, feasibility, sustainability, user-friendliness, and scalability.
- Shortlisted applicants may be invited for detailed presentation / pilot demonstration.
- Final implementation shall be taken up through a separate RFP/tender process in accordance with applicable rules.

7. Important Dates

- **Date of Issue of EOI: 10 September 2025**
- **Last Date for Submission of Queries: 16 September 2025**
